

Gentle Flaxseed Scrub and Mask ISO 16128

Description :

Gentle Flaxseed Scrub & Mask is a soft exfoliator based on flaxseed. It gently removes dead cells and impurities from the skin to get a smooth and radiant complexion. Applied as a face mask, it hydrates, softens and soothes the skin.

Key ingredients :

- Micromatrix® Fractile AF AN is based on natural polysaccharides and Hydrogenated Polydecene (Alphaflow®). It forms a micro thin film, which creates an instant sensation of coolness upon application. Thanks to its polymeric matrix structure, Micromatrix® Fractile AF AN provides a good skin hydration and a long-lasting smooth after-feel.
- Nordic Beauty Linum Finlandia is a natural vegetable oil extracted from flaxseeds. It is rich in monounsaturated fatty acids, vitamins and minerals. This oil is ideal for skin care products as it moisturizes, smoothes and protects the skin.
- Nordic Beauty Flaxseed Scrub is a fully natural option for exfoliating products. It gently exfoliates the skin and reduces redness and irritation due to its high content of omega-3.

Ingredient	INCI Name	Qty %	Function
Micromatrix® Fractile AN AF HV	A Water (and) Corn Starch Modified (and) Hydrogenated Polydecene (and) Preservative system according to customer's choice	50,00%	Texturizer, Rheology modifier, Refreshing
